# Project Reference

Project Reference - INX Future Inc Employee Performance

This dataset was provided as part of the IABAC Certified Data Scientist Project 2.

Dataset Version: V1.8

Source: INX Future Inc. (Simulated Corporate Dataset)

Data Type: HR Employee Records

Purpose: Performance prediction and improvement analysis using data science techniques.

Usage: This dataset is intended for educational and evaluation purposes only.

All analysis, modeling, and recommendations in this project are based on this dataset and serve as proof-of-skill artifacts under the IABAC curriculum.
